BUSY LINE INDICATOR

O v e r v i e w

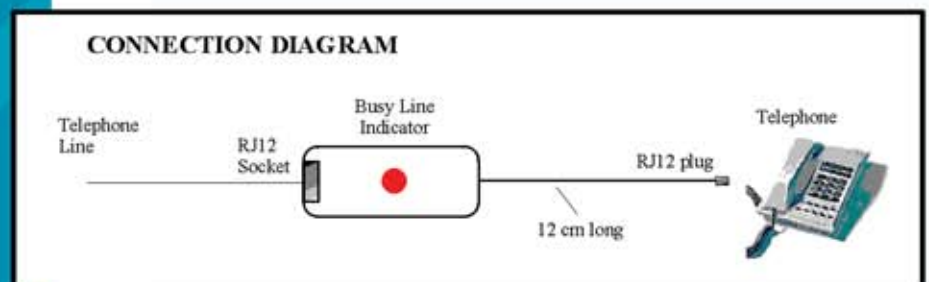

The Busy Line Indicator is used to show when a phone is ringing or busy (off hook)

It is powered by a rechargeable battery which is trickle charged from the telephone line when the phone is not in use.

When an incoming call is ringing, the LED flashes RED
When the line is busy the LED glows RED.

Connection is just to plug the line cord into the unit and plug it into the phone.

Indicator attached to the phone
by double sided tape

Dimensions: 60mm x 46mm x 24mm
